SPECIAL SPONSOR

Mitsui Fudosan Co., Ltd.

The Mitsui Fudosan Group aspires to contribute to society through urban renewal and development with its Group Statement defined to bring affluence and comfort to urban living. In addition to the existing facilities, we have extensive new development projects centered on the central Tokyo area. In each project, our strengths are the ability to identify areas with potential to increase added value, the ability to create optimal development concepts and realize those concepts, and bring our power for "getting better with age" to maximum to enhance the value of the city over time. While evolving our efforts toward smart cities, we will further promote "mixed use" and "fusion of hardware and software" to maximize the value of the city.

PLATINUM SPONSORS

National Federation of Agricultural Cooperative Associations

The National Federation of Agricultural Cooperative Associations (ZEN-NOH) is in charge of the marketing and supply business of the JA Group. ZEN-NOH is adopting innovative technologies such as fully automated drones and agricultural information and communication technologies (ICT) to help save labor and visualize agricultural work and management.

The Norinchukin Bank

The mission of The Norinchukin Bank is to fully support Japan's agricultural, fisheries and forestry industries as the national-level organization of JA Bank Group, JF Marine Bank Group and JForest Group. Through this support, the Bank contributes to the development of food production and consumption and a better quality of life for the people living in local communities. Securing stable profits through global investments as one of Japan's leading institutional investors is an important activity that we undertake to fulfill our mission. As we head into our 100th anniversary in December 2023, courageously facing change, we will pursue our unchanging mission and continue to challenge new horizons.

GOLD SPONSORS

Daiwa Securities Group Inc.

Daiwa Securities Group, as one of the leading, comprehensive financial service firms in Asia, operates core businesses such as Retail, Global Markets, Global Investment Banking, M&A advisory services, Asset Management, and Investment. Other core businesses include world famous research and banking operations. Under our unity within the group, we provide a broad range of services to various clients. Through the Group's businesses, we will actively work on realizing an affluent society and enriching people's lives by balancing companies' pursuit of economic values with solutions for social challenges.

大和証券グループ

Daiwa Food & Agriculture Co.Ltd.

Daiwa Food & Agriculture Co.Ltd., DFA; one of the new businesses arm in the Daiwa Securities Group, was established in November 2018 aiming to increase production scale and efficiency of agriculture business by introducing cutting-edge technology and providing risk money. By combining the Daiwa Securities Group's network and deep knowledge of principal investment into corporate as well as energy and infrastructure projects, DFA contribute to solve social issues surrounding Japan's agriculture and food sector by creating large-scale and efficient new agricultural production and businesses that improve the value of products.

大和フード&アグリ

Daiwa Food & Agriculture

SUMITOMO MITSUI BANKING CORPORATION

SMBC Group is a global financial group that develops operations in a wide range of fields including banking, leasing, securities, credit cards, consumer finance, venture capital and research institutes.

SILVER SPONSOR

Hitachi Systems, Ltd.

Hitachi Systems is a leading IT service provider specializing in developing and implementing business systems for customers of diverse sectors and sizes. We also operate, monitor, and maintain those systems by using a multi-tiered service infrastructure comprising data centers, network and security operations centers, contact centers, and a nationwide network of around 300 service sites. Hitachi Systems assists customers with their digital transformation needs and works with them in creating new value by delivering unique services that leverage our diverse human capital and advanced IT solutions. We strive to become a global service company that earns the complete trust of customers.
